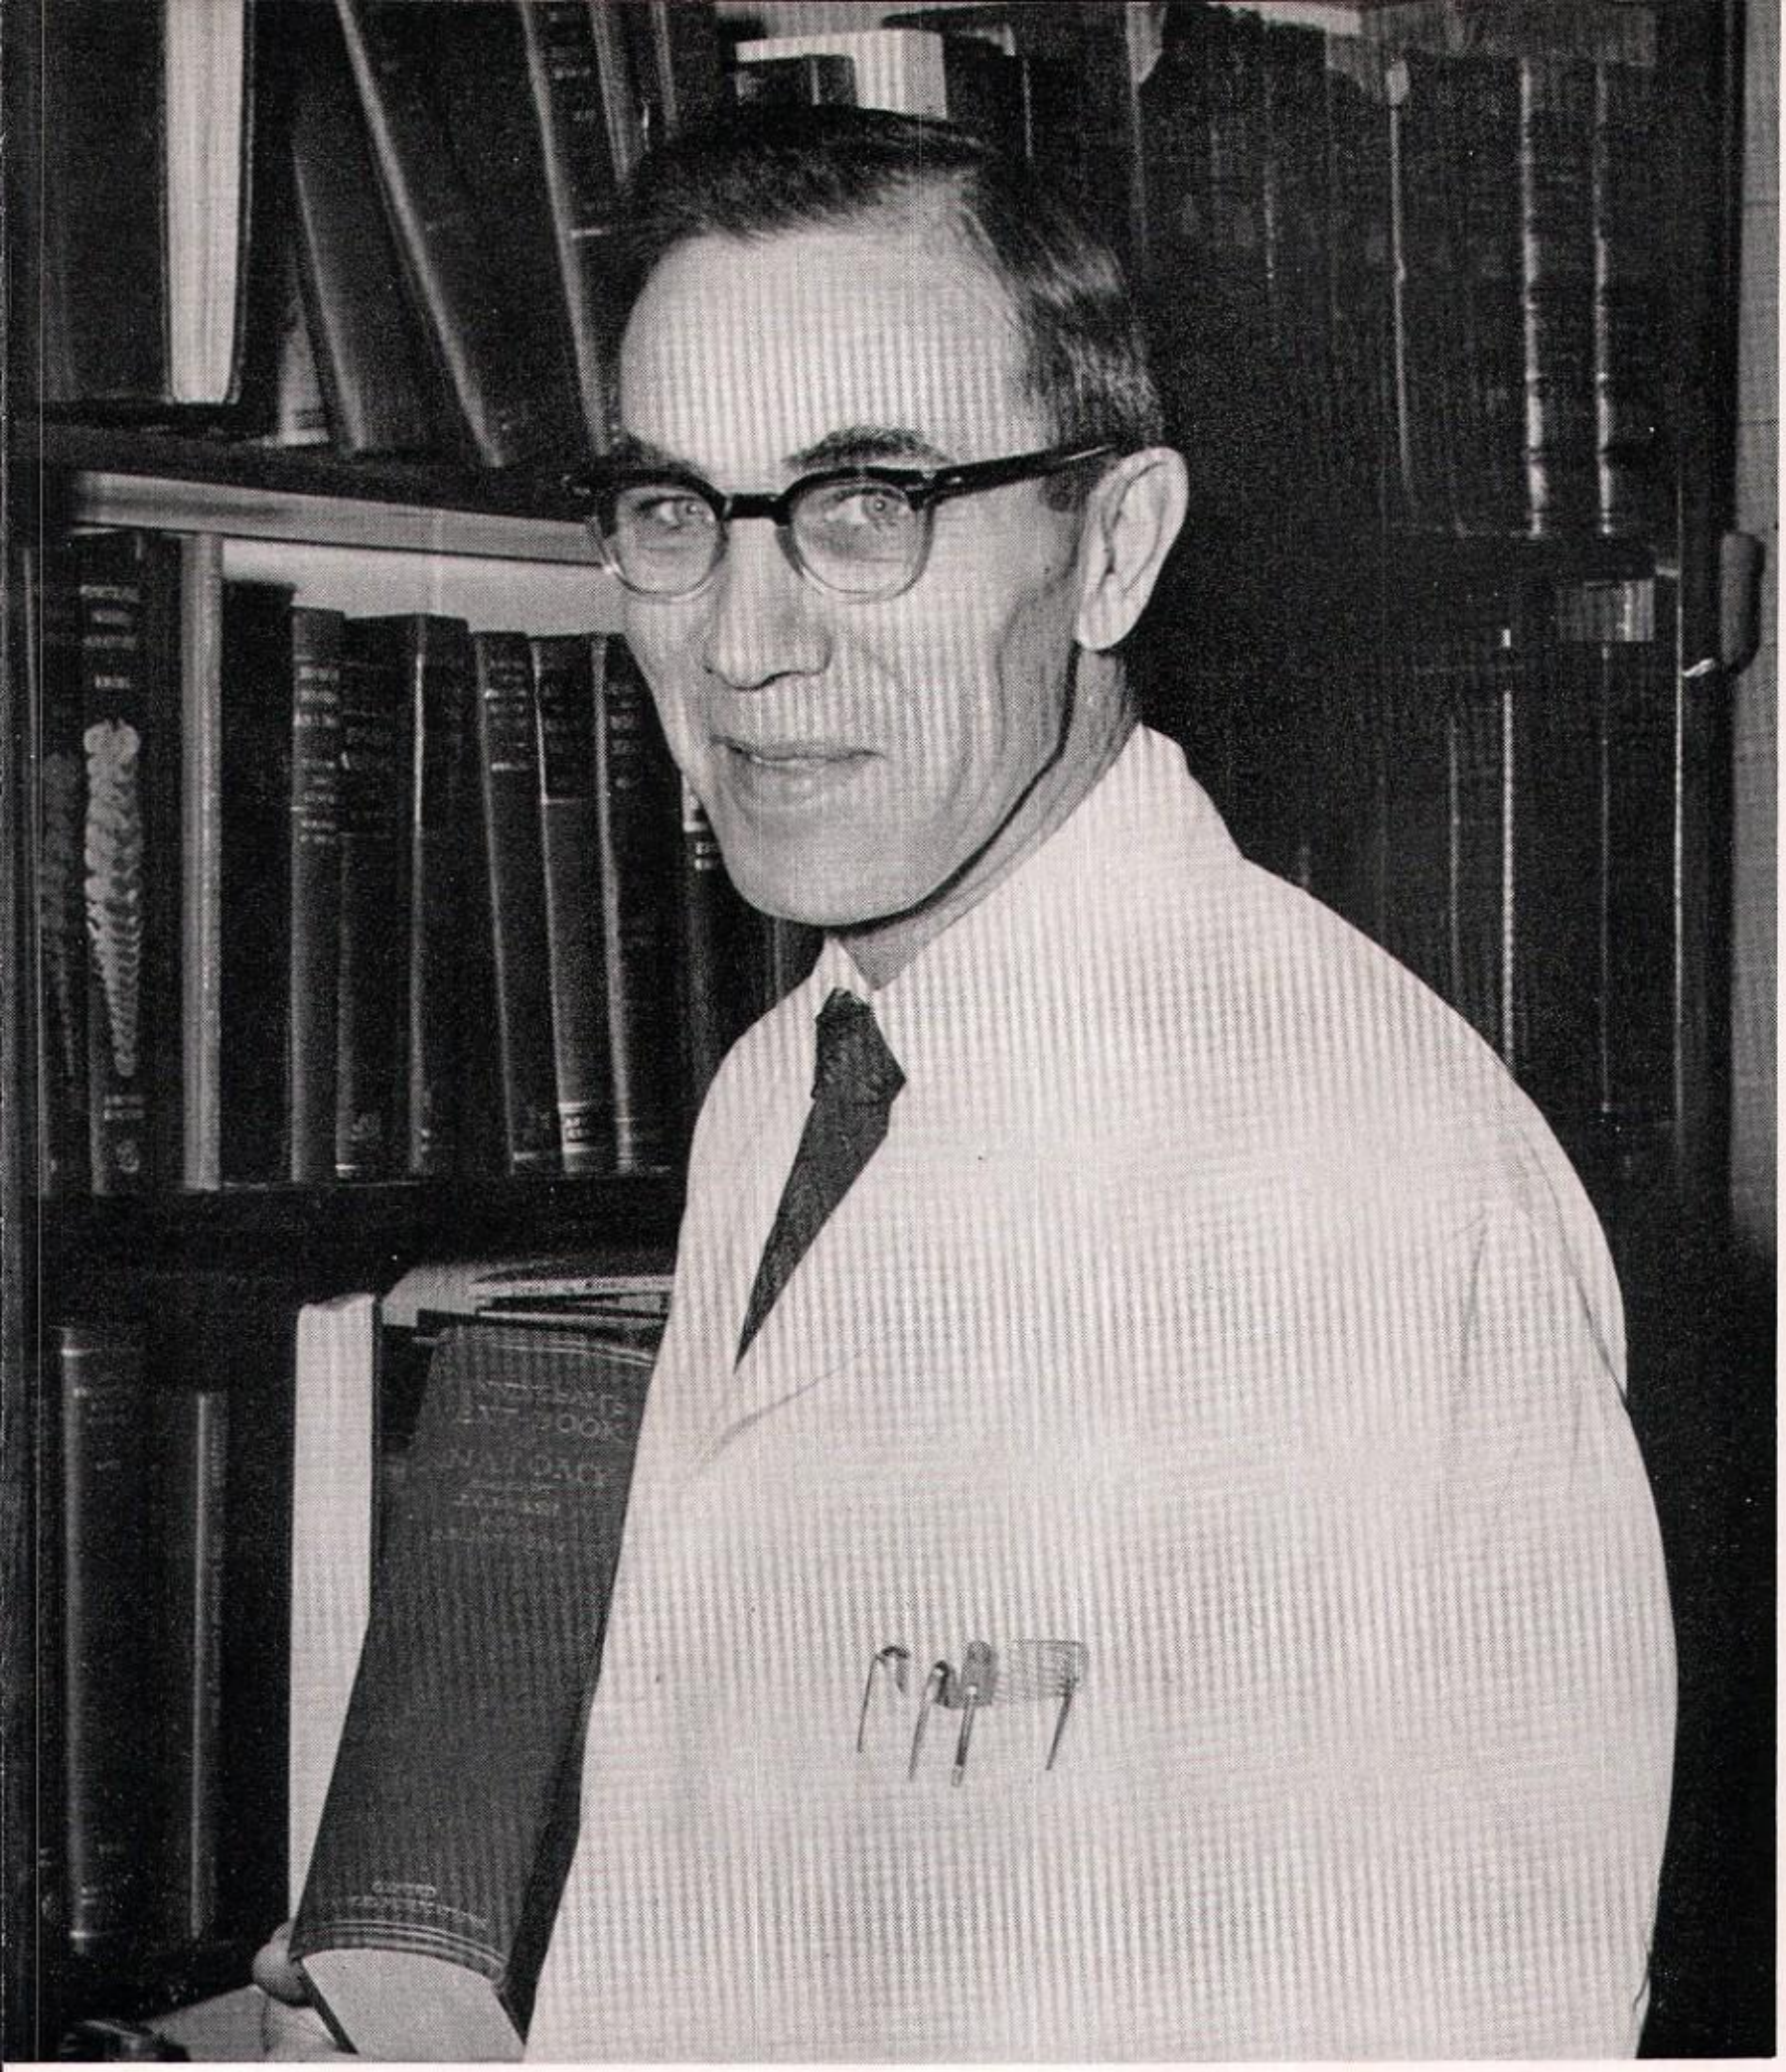
DEDICATION

DR. IRVING J. WEBER
PROFESSOR OF DENTISTRY

We proudly dedicate this year's **Dentala** to Dr. Irving J. Weber, who deserves our recognition not only as an effective teacher, but also as a leader in dentistry.

Dr. Weber received his dental degree from the University of Iowa in 1918, served in the First World War, and afterwards engaged in private practice for 22 years. Later he taught at Iowa, Baylor, and Creighton Universities, and the University of Alabama School of Dentistry, where he is presently Head of the Department of Complete Denture Prosthesis. He has conducted many postgraduate courses, and serves also as a consultant at the Veterans' Hospitals in the State of Alabama. Dr. Weber is a member of Omicron Kappa Upsilon and Omicron Delta Kappa honorary fraternities and Theta Xi social fraternity.

We will never be able to measure the tangible and intangible benefits we have received through Dr. Weber's teaching and influence. He will always be remembered for his considerate attitude, his sense of humor and his practical approach to problems. We admire him as a leading authority in his field, and we feel grateful to him for invaluable instruction and wise advice. Because he represents dignity and integrity and because he constantly emphasizes higher professional standards, Dr. Irving J. Weber has earned our highest esteem.



DR. E. CARL SENSENIG
PROFESSOR OF ANATOMY

Dr. Sensenig has guided seven classes through the rigor of Gross Anatomy, and the reaction of each class has been the same. Initially he is the most feared man in the lives of the Freshmen. As the year progresses, the students gradually realize that he is a man with unusual teaching abilities, a professor who is fair and unbiased at all times. With his dry wit and well placed satirical remarks, Dr. Sensenig is unique in his ability to stimulate students to work hard and to actually enjoy a course they consider very difficult.

Because we respect him as a man and as a professor of anatomy, because he ever maintains a wholesome student-professor relationship, and because of his genuine interest in his students, we proudly pay tribute to Dr. E. Carl Sensenig.

TRIBUTE

DENTAL INSIGNIA

There have been numerous dental insignias, designed and used in the past, but prior to 1940, none of them had been given official recognition by organized dentistry.

This emblem, approved by the American Dental Association in 1940, is to be considered the insignia of dentistry and should not be confused with the official American Dental Association insignia. It can be used in many instances where the A. D. A. emblem would be inappropriate.

As can be seen from the accompanying illustration, this design employs as its central figure, the single serpent of Aesculapius, the father of medicine — not the two serpents of Hermes, which have been erroneously used in the past.

The serpent is entwined about an ancient Arabian cautery. The Greek letter Δ (delta), for dentistry, and the Greek letter Θ (omicron), for odont (tooth), form the periphery of the design.

In the background are 32 leaves and 20 berries, representing the two sets of teeth.

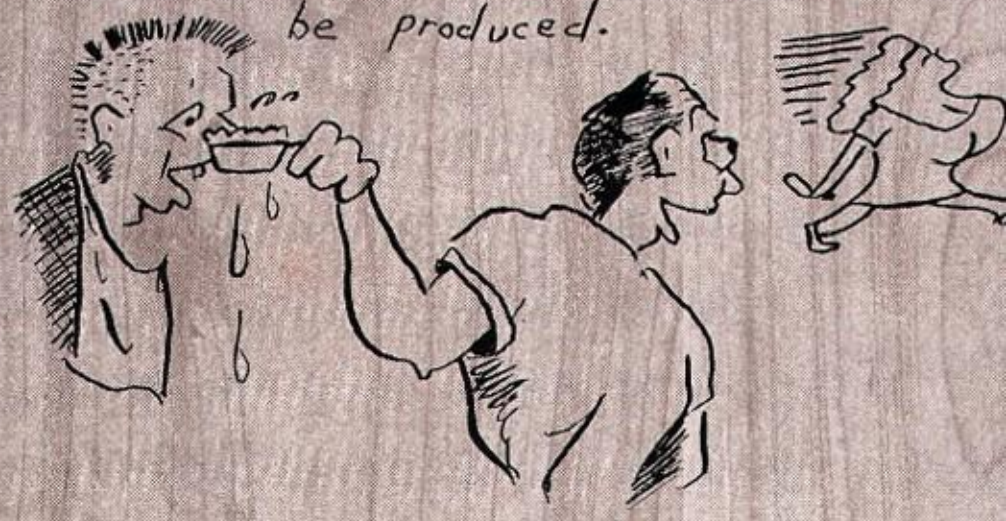
MAINTENANCE

PARTIAL DENTURE PROSTHESIS

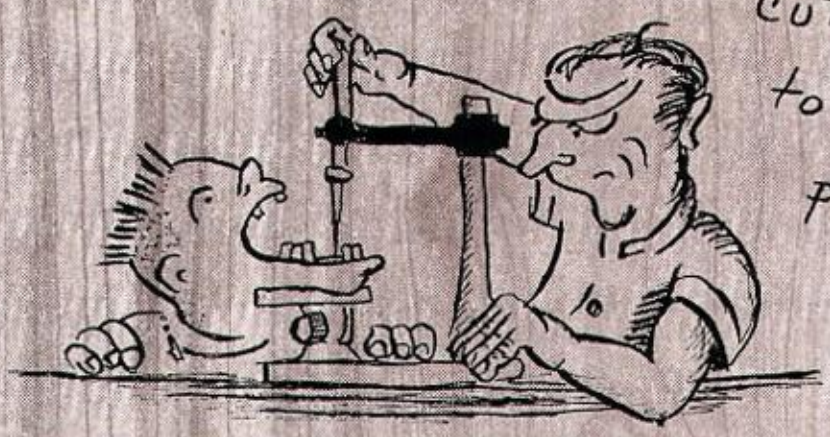
① Herman Horshmeyer, entered the dental clinic as a partial denture patient. Had both of Herman's mouths been edentulous he would have been a full denture patient.

② An accurate impression is made from which a study model will be produced.



③ Necessary mouth changes are made.

④ The mouth is then accurately surveyed to reveal under-cut areas and to determine the path of insertion.



⑤ Waxing the framework is then carried out by using a # 7 spatula and gas flame.

⑥ After casting — a functional impression is made with acrylic tray.

⑦ Patient is filled with humility and pride as he is presented with his new partial denture, for which he, the dentist, and the lab are justifiably proud!

⑧ Patient, however — decides he likes acrylic tray better and leaves clinic wearing acrylic tray!

Dick

TWO UNTREATABLE ORTHODONTIC CASES MADE FOR EACH OTHER

ELEPHANT WEARING RUBBER DAM

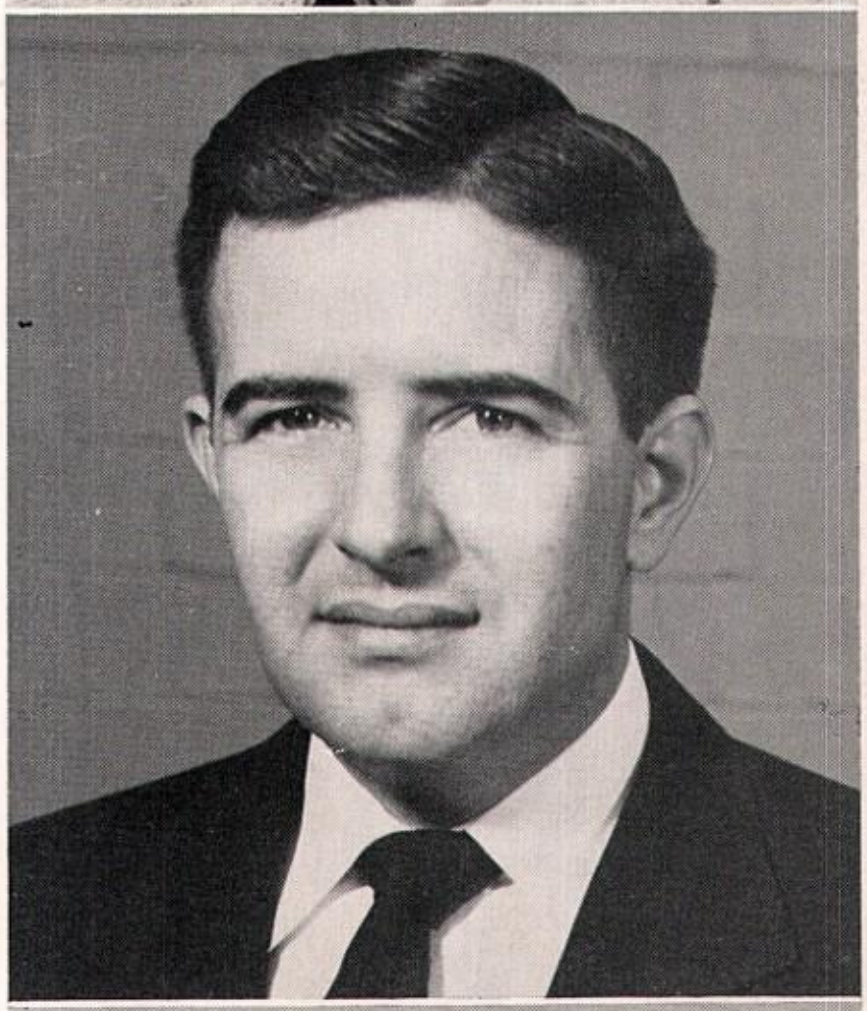
ONE YEAR'S ALLOTMENT OF STICKY WAX FROM THE COLONEL

IRVIN I. BERN

"Irv"

Montgomery, Alabama

University of Alabama B.S. '52; Class Treasurer 2; Class Secretary 4; Softball 1, 2, 3, 4.—"But Dr. Weber I've already done four dentures"—married—new daddy—Stop patting your foot Irv, it's only a pop quiz—"If Rosenthal can do it, so can I"—"I'm going to finish before Blair on this next quiz if I flunk it".

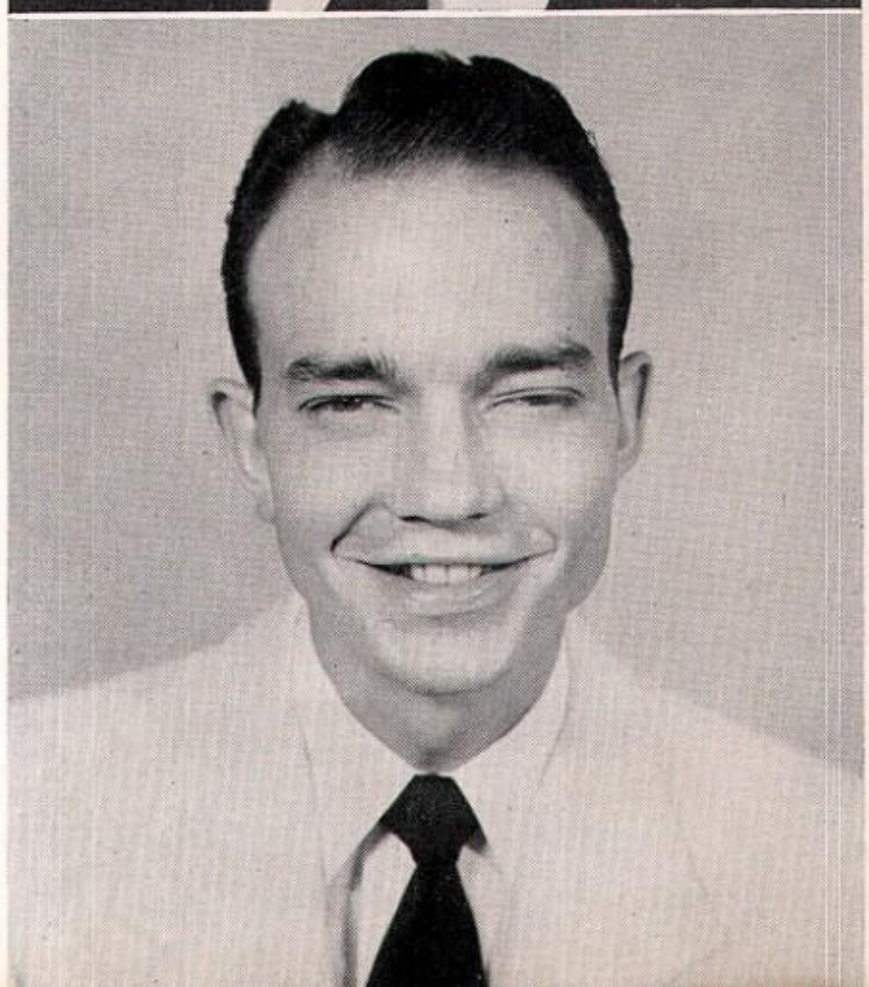


FRED P. BICKLEY, JR.

"Bugs"

Athens, Alabama

Athens College, University of Alabama; Delta Sigma Delta—Wait until I wash my hands"—"Look at this preparation, strictly G. V. Black"—"Out of my way, I've still got 2 partials, 2 bridges, 1 denture, 2 root canals, and an excavation to do"—"But Dr. Bailey, the manual says I only have to do two bridges."

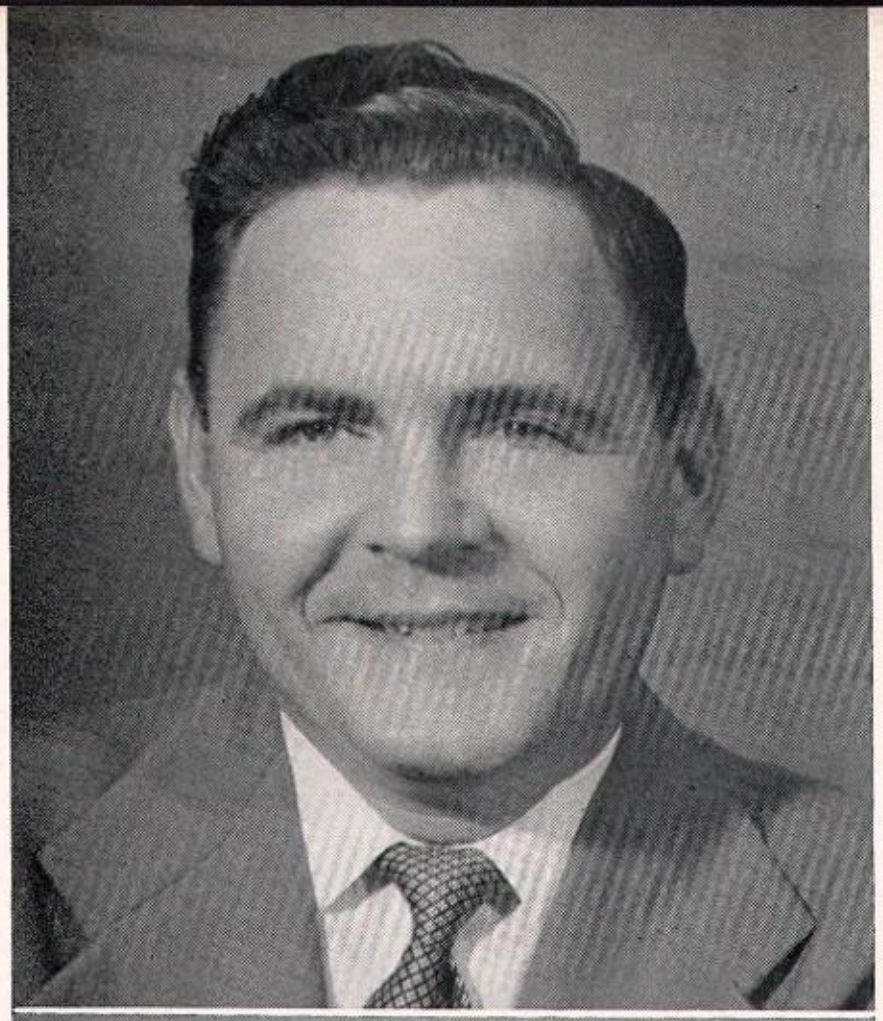


ROBERT T. BINFORD, JR.

"Peon"

Birmingham, Alabama

Vanderbilt University, B.A. '51; Psi Omega; Alabama Dental Review 3, 4—"How's your mandibular molar?"—"Blair, Blair, have you finished casting my crown?"—"I'm going to buy this school and fire you"—"Dr. Kyle, have you finished my partial yet?"—Future Odontology professor.



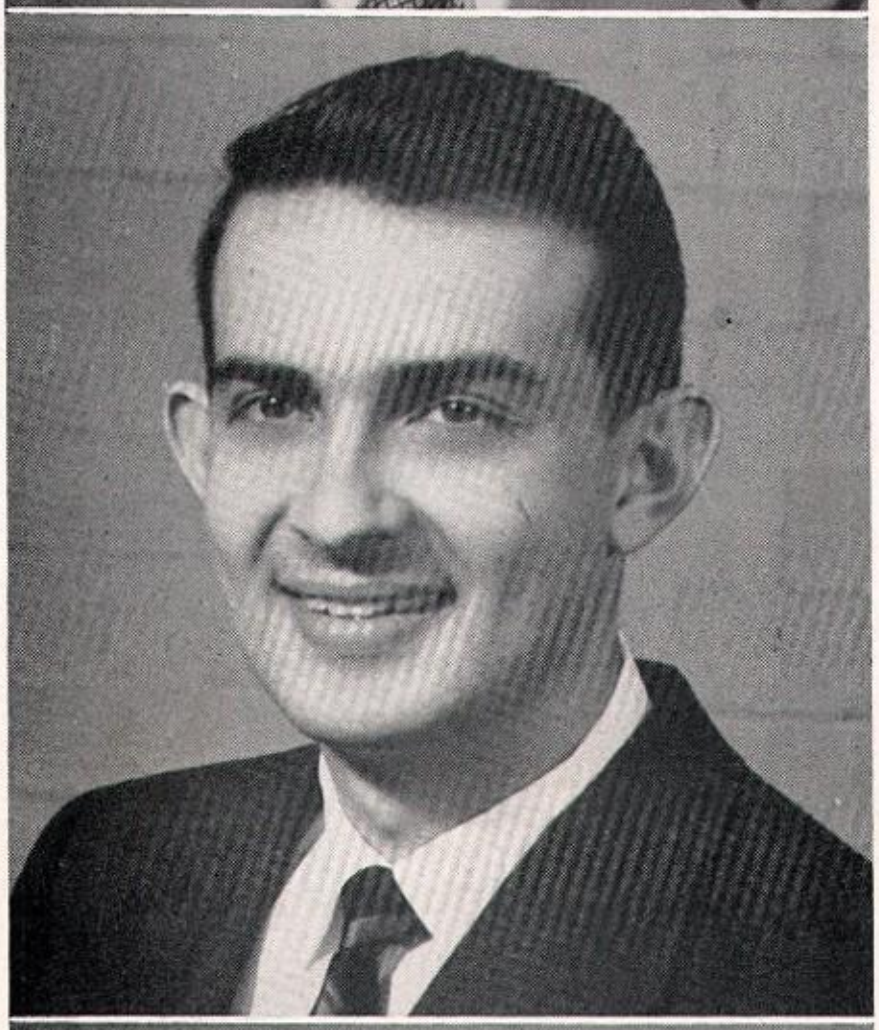
S E N

GORDON T. BLAIR

"Brownie"

Birmingham, Alabama

Auburn, B.S. '48; Business Manager Dentala 4—"Bobby, I'm ready to go home now"—"The amalgams I do are no practicals"—Applying for a partial denture fellowship—"The reason I am always the first to finish a quiz is that it doesn't take me long to put down all I know"—married; 2 children.



W. RUPERT BODDEN, JR.

"Rupe"

Birmingham, Alabama

Birmingham-Southern, A.B. '50; Class Treasurer 4; Alabama Dental Review 4—"Let's get those class dues in"—"But Dr. McCracken, I didn't do it, Mr. Gibbs did"—"I know its not a very good question Doctor, but I just had to ask one; its expected of me"—married; one child.

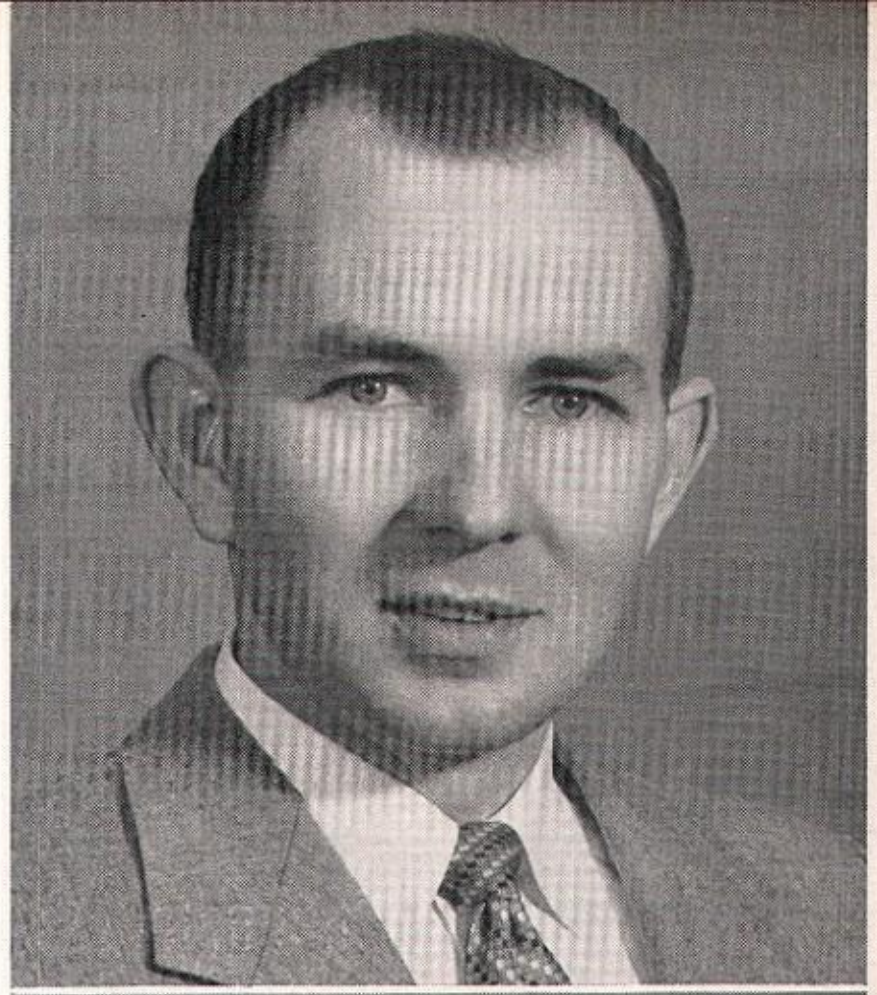
BURNICE E. BURNHAM

"Bernie"

Brewton, Alabama

University of Alabama; Delta Sigma Delta—"There isn't too much to this dentistry, but I'm sure glad I worked in a dental lab for 15 years"—"You know Dean, I always thought I was in the top seven of the class"—married.

I O R S

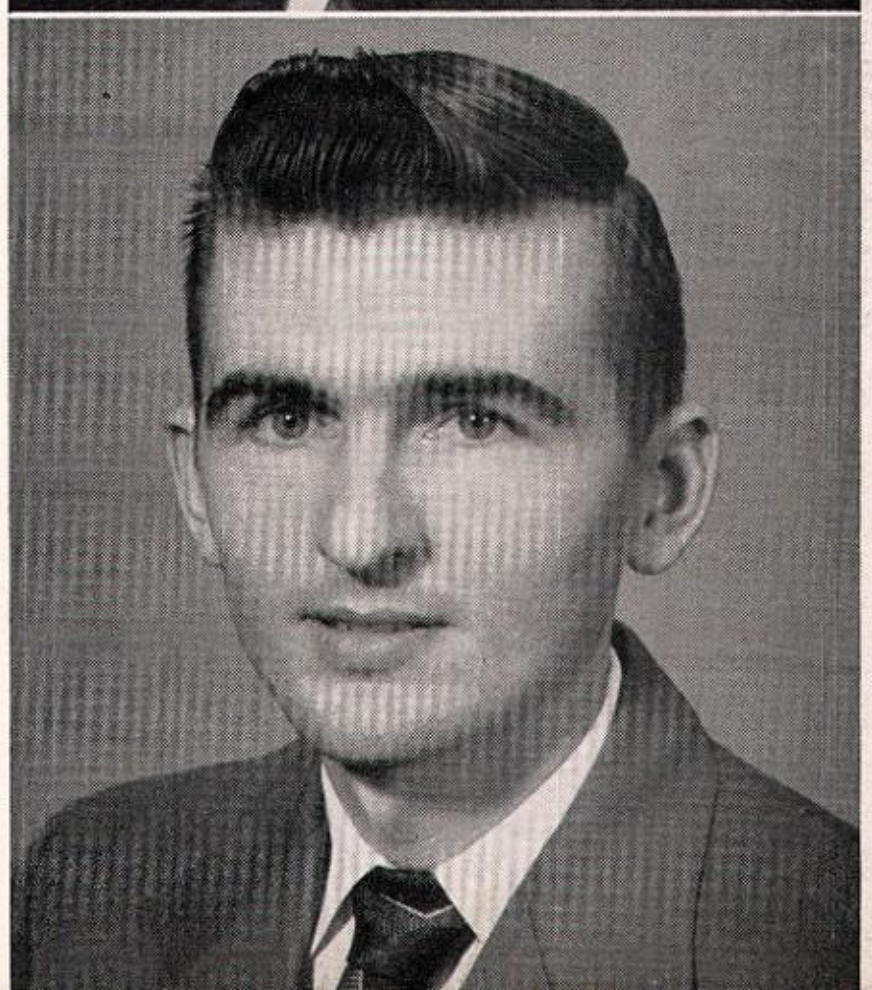


THOMAS M. CALHOUN
"Old Maid"
Montevallo, Alabama

University of Alabama, B.S. '51; Class Treasurer 1; Student Council President 4; Basketball 3; Softball 3, 4; Delta Sigma Delta—"The very idea"—"The student council is going to make some changes around here"—"I just love that Walter Johnson"—"I think we should have an organist for Class Night"—married.

CHARLES L. CHAMBLISS
"Hook"
Greenville, Alabama

University of Alabama, B.S. '51; Psi Omega—frustrated hematologist—lefty—"Tennis anyone?"—"My only operative patients are my roommates"—new Olds—"But Dr. Bailey, Buffalo Bill needs two bridges, is a graduate of L. S. U., and it's easy to get Coe-loid out of his beard."



DEUEL W. CHRISTIAN
"Devil"
Town Creek, Alabama

Florence State Teachers College, A.B. '51; Psi Omega; O. K. U.—"If you don't believe I'm a better operator than Dockery, just ask me"—The Navy doesn't want you, boy—will have his own hygienist in the family—the only man in class who doesn't cast a shadow—married.

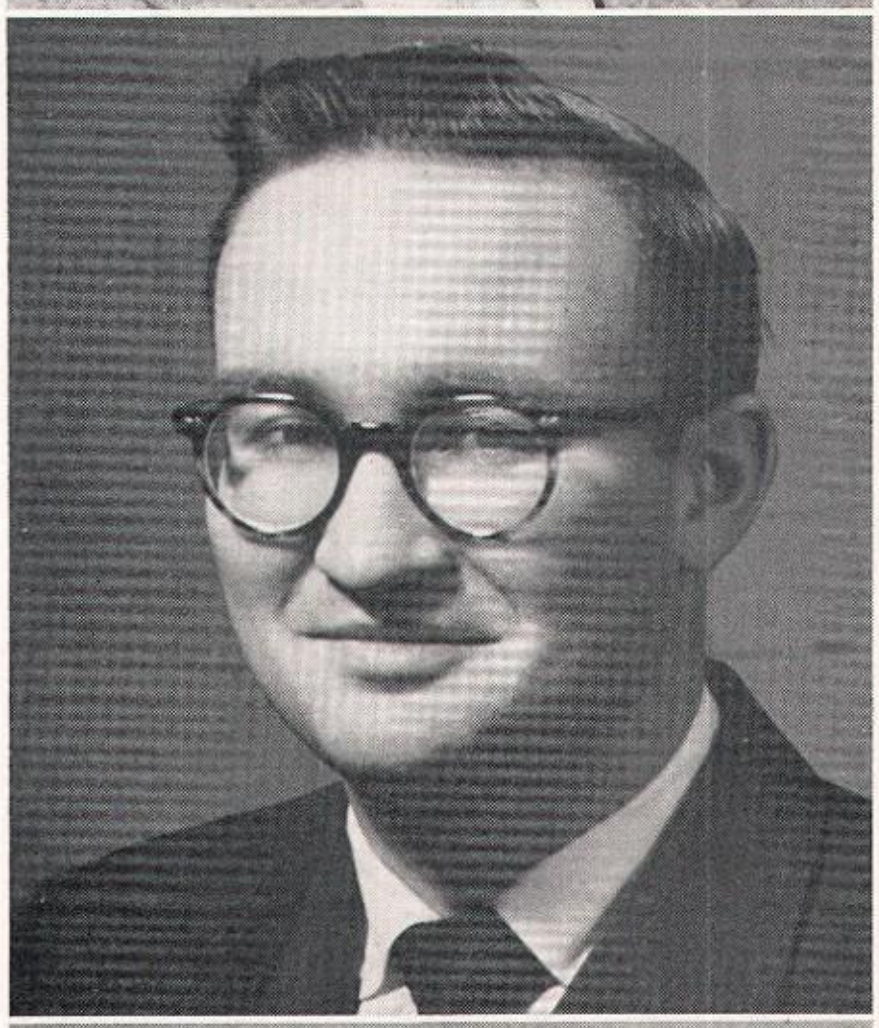
SENIORS

SAMMY J. CITRANO

"Stump"

Huntsville, Alabama

University of Alabama, B.S. '50; Business Manager Dentala 4; Softball 1, 2, 3, 4; Xi Psi Phi—Little Adeeb—"I've done more root canals than you"—"You think we'll have a pop quiz, do you huh?"—ex-M.P.—"Move your arm so I can see"—"How's your bowl control?"—"I haven't seen any old tests."



ARTHUR G. CLIFFORD

"Happy Hal"

Talladega, Alabama

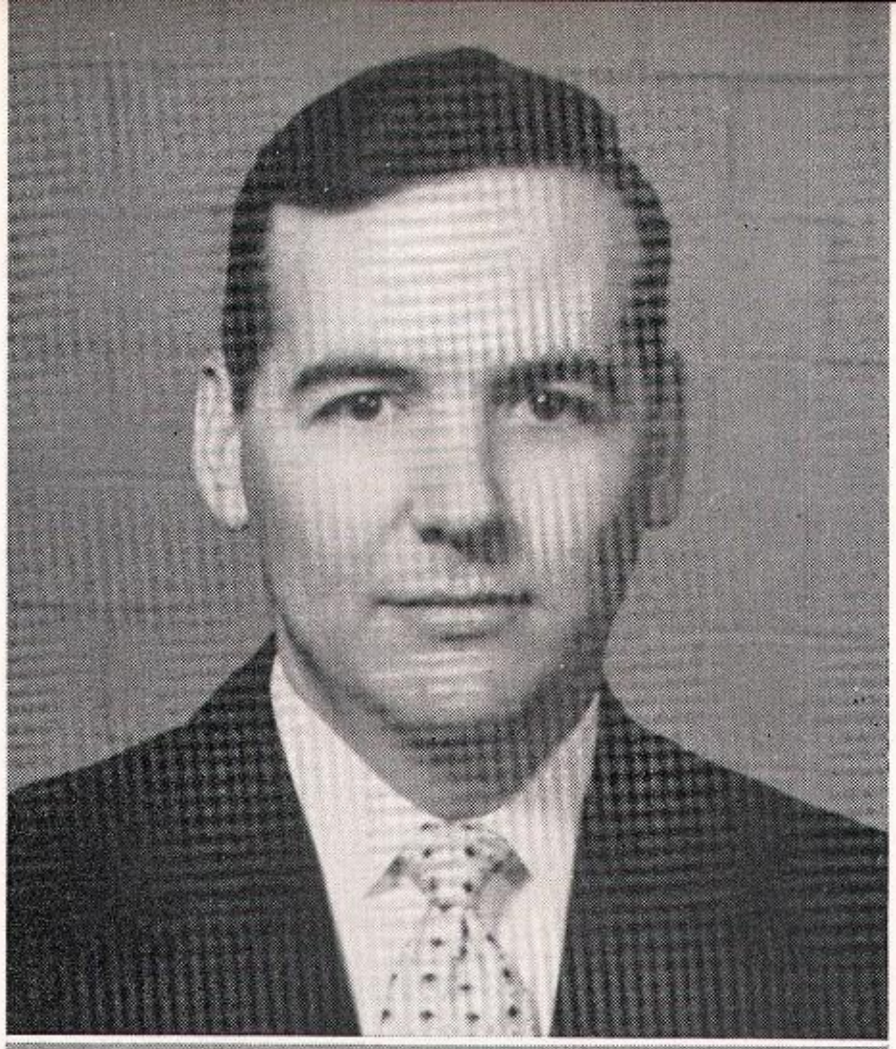
University of Alabama, B.S. '51; Basketball 3, 4; Psi Omega—nature boy—"Let's rassle"—"The Fox was lucky, my hands were sweaty"—"You just can't beat the outdoor life of a lumberjack"—"There are just some things even your best friends hate to tell you"—"Perry is my buddy".

JAMES R. DOCKERY

"Hog Jaws"

Tuscaloosa, Alabama

David Lipscomb College, University of Alabama, B.S. '51; Class Secretary 1; Assistant Business Manager Dentala 3; Softball 1, 2, 3, 4; Basketball 1, 2, 3, 4; Psi Omega—"I can't play ball this weekend, I have to go home to see my mother"—"Shake hands pal"—"I've got a date with Dr. and Mrs. Hand tonight."



SENIORS

CHARLES B. EASLEY
Mobile, Alabama

Howard College, University of Alabama B.S. '49; Psi Omega—"I can't understand why so many Juniors have asked for my patients for next year"—"I really get this Orthodontics"—"Perry got mad at me for moving a lateral on myself that he said would be impossible"—"I'm not scared, I just know what can happen"—married and extremely hen-pecked.

JESSE S. C. ELLINGTON
"Stacky"
Montgomery, Alabama

Howard College; Secretary Student Council 2; Delta Sigma Delta; O. K. U.—"I'll be here when the last roll is called, Gibby"—"Yes Dean, you know I'd rather take X-rays than eat lunch"—"May Day is coming Rooney"—amateur icthiologist—"I never study, these bloodshot eyes are from watching my guppies".

ROBERT H. FREEMAN
"Bob"
Tuscumbia, Alabama

Florence State Teachers College, A.B. '51; Xi Psi Phi—"I haven't got time to talk to you now Dr. Wuehrmann, I'm mixing cement"—"My voice just never got thru' changing"—"It's about time I got on that list"—"That Red Bay is a darn good location"—"Langston, I'm going to meet you after class"—married, one little Bob.

S E N

JACKSON M. GARNER

"Shaky"

Dothan, Alabama

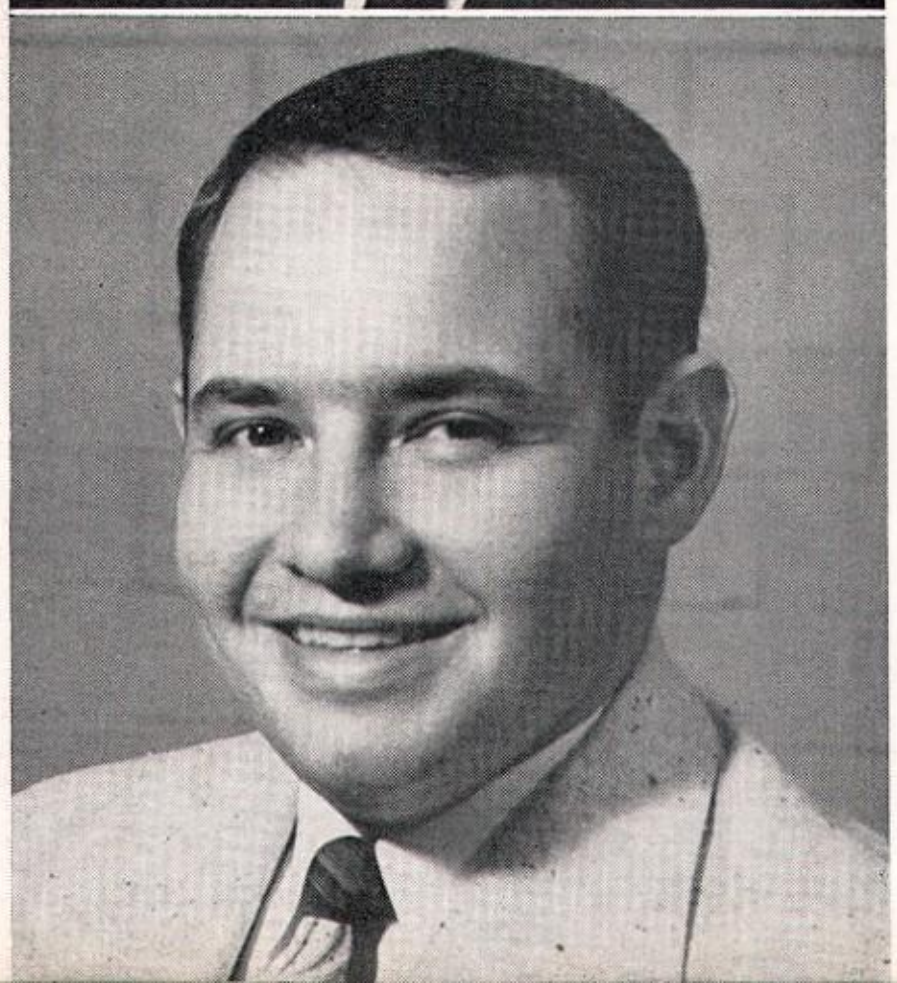
University of Alabama, B.S. '50; Psi Omega—"But Dr. Lazansky, I've already drawn one this week, can't I work in the lab now?"—"Don't speak to me, we have a quiz today"—"I think I had better have this lesion on my palate biopsied"—"I'd like to go with you guys, but my wife won't let me out"—"I always did hate a comic."

JOEL W. GOLDSBY, III

"Fat Lady"

Mobile, Alabama

Springhill College, B.S. '50; University of Alabama, M.S. '51; Class President 1; Vice President Student Council 3; Softball 1, 2, 3, 4; Basketball 1, 2, 3, 4; Psi Omega—No. 1 agitator—spit-ball king—"Have you heard the latest?"—Married, biggest family man in the class, a boy finally—"Smile Rooney"—"The diapers don't need washing again do they dear??" . . . .



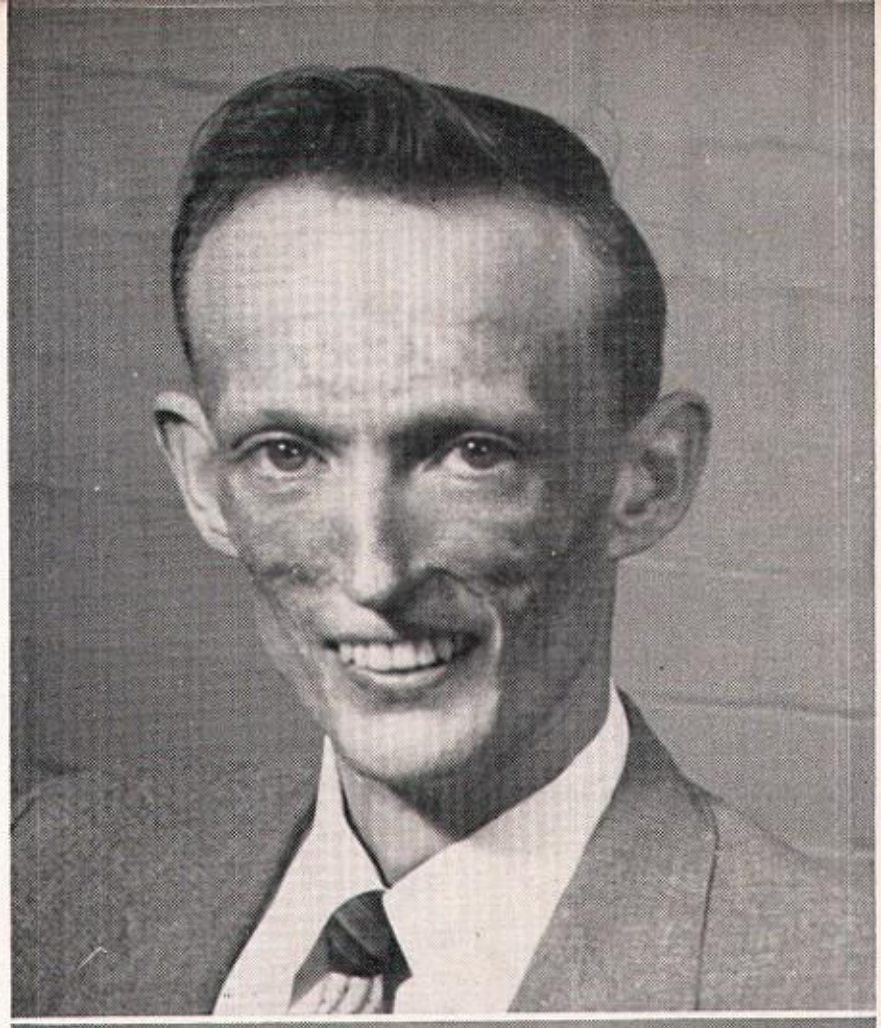
A. GORDON GOODALL, JR.

"Goody"

Birmingham, Alabama

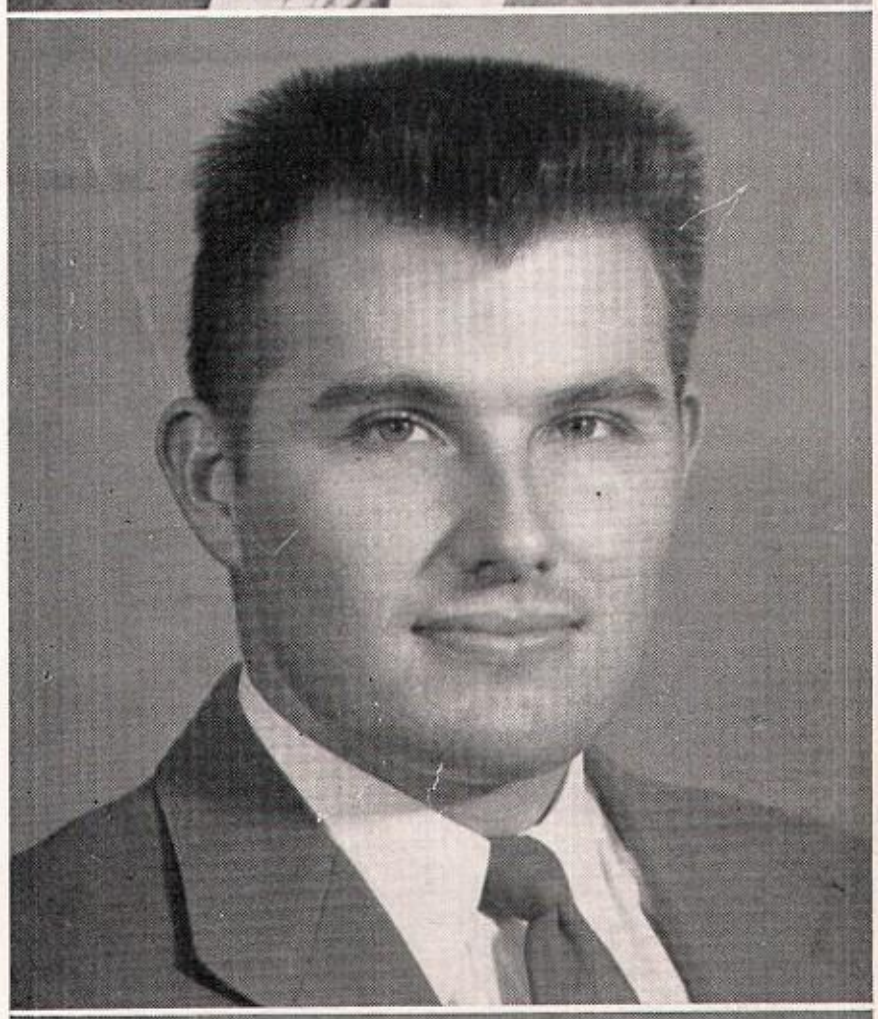
Vanderbilt University, A.B. '51; Softball 1, 2, 3, 4; Psi Omega—Chemistry major at Vandy—Almost as fat as Whatley—"I'm going on a diet tomorrow"—thumbs—"I wish I could lose that little black cloud"—"If waxy asks me to alter this wax-up once more, I'm going to make him eat it."

I O R S



VIRGIL W. HAGAN, JR.
"Wild Bill"
Sylacauga, Alabama

Auburn, B.S. '51; Xi Psi Phi—"But Dr. Lazansky, I pulled the one indicated in the chart"—War Buzzard supreme—almost as many kids as Goldsby—"I don't appreciate that kind of language in front of my wife"—Our prediction: the first member of the class of '55 who will contribute to the school.



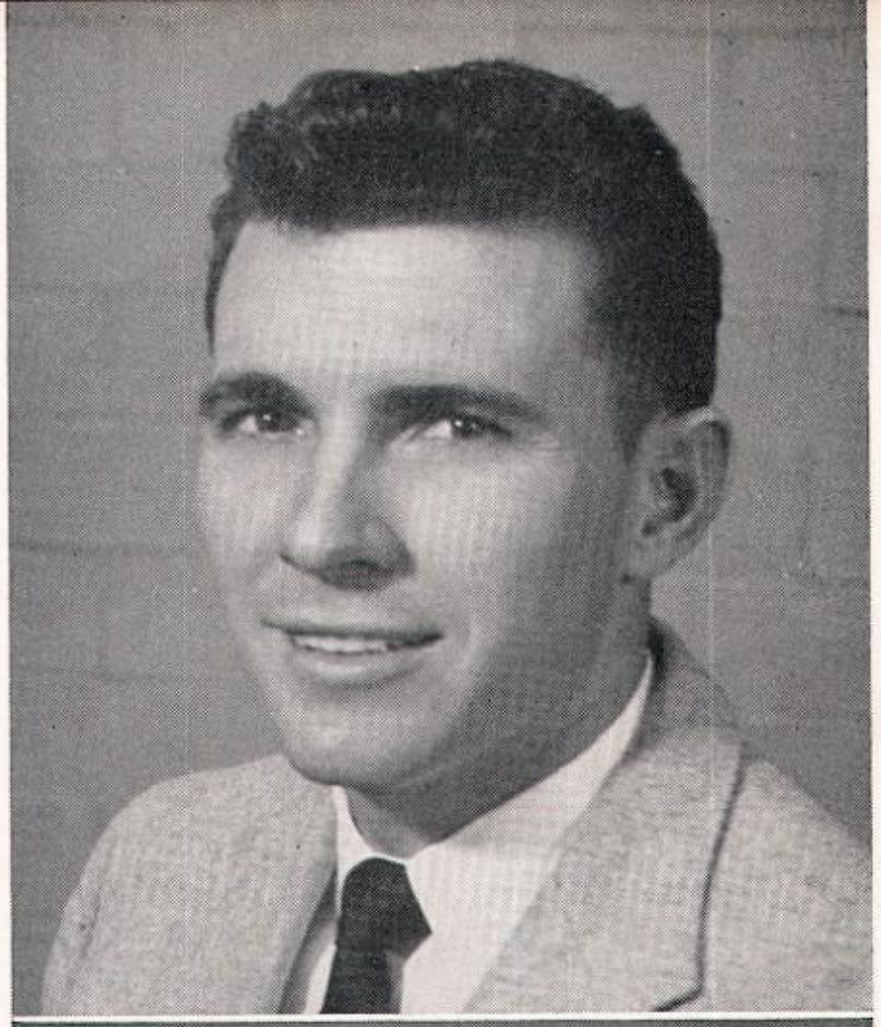
KENDREL M. HELTON
"Canine"
Atmore, Alabama

Auburn, B.S. '51; Class Vice President 4; Bowling 3, 4; Psi Omega—"I ain't got the giggles, we've got a quiz tomorrow, haven't we?"—hypothyroid-B.M.R. 2—"I just love one o'clock lectures; I'm so alert and attentive at that hour."

E. LELIAS JACKSON
"Birddog"
Gadsden, Alabama

University of Alabama, B.S. '51; Xi Psi Phi; Fraternity Vice President 2; Fraternity President 3—No. 2 agitator—"I think I can get it"—"You can't tell it by my grades, but I sure do hate to study"—"You know, Penny sure does look good in civilian clothes"—"Yes, I'm married, why did you think I wasn't?"—"I plan to make about $50,000 the first year."

SENIORS



WILLIAM D. JACOBS

"Country"

Elba, Alabama

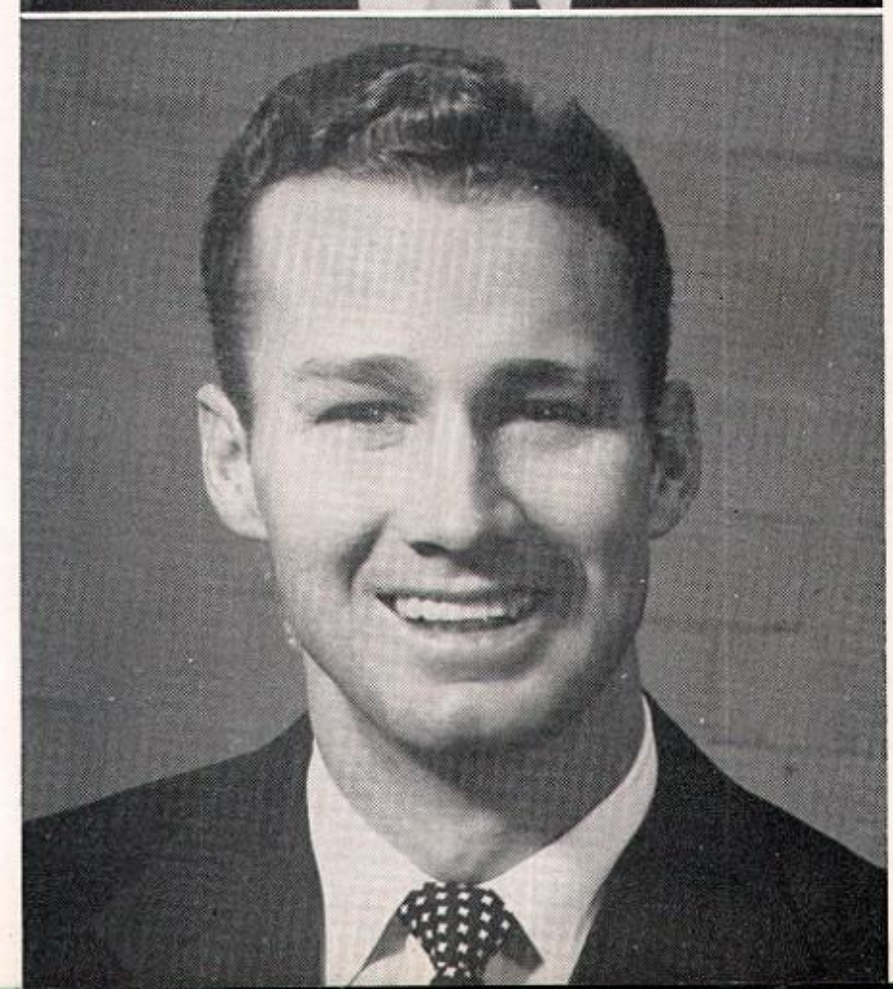
Troy State Teachers College; Delta Sigma Delta—"Hit'l vary"—"You hain't lived if you hain't been to Elba"—"Hit don't make no never mind"—"Stick with me Marshall, I'll get you through"—"I make sech good grades cause I know who to study"—Says he's married.

VANCE R. KANE

"Vance"

Selma, Alabama

Auburn, B.S. '51—"I know all about everything but I always make a D"—"Who's in my front row seat?"—"I can't pay my class dues, but have you seen my new $4,000 Mercury?"—"I was about the best grammar school hockey player in Canada"—married, one son.

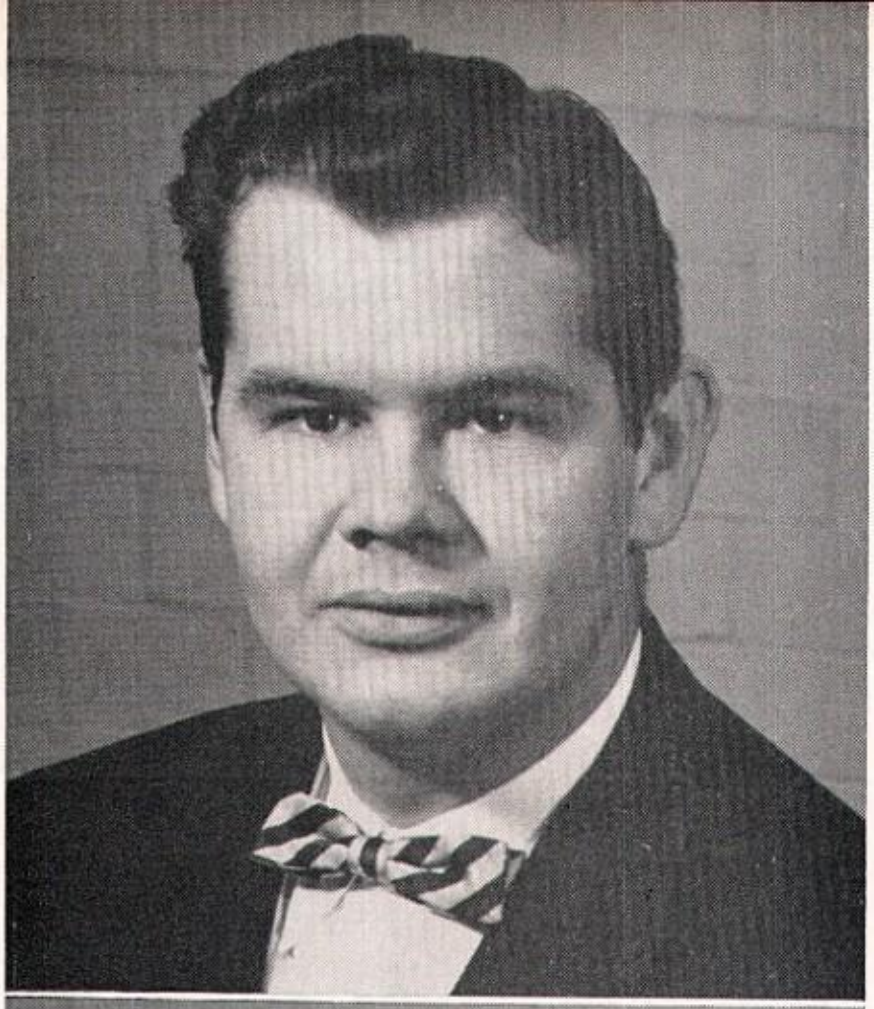


GRADY S. KING, JR.

"Shane"

Lexington, Alabama

Florence State Teachers College; Basketball 1, 2, 3, 4; Delta Sigma Delta—"I thought I saw a lymphocyte"—"But Dr. Lazansky, why wouldn't you give a hemophiliac dicumerol?"—"I'm going out to California and apply for an Oral Surgery internship"—"I don't believe Dr. Lazansky realizes how well I know this surgery"—casanova—"Claudia finally made it on her last oral last year."



SENIORS

JAMES H. LANGSTON
"Honey Bear"
Brownsville, Alabama

University of Alabama, B.S. '51; Dentala 1; Bowling 2, 3, 4; Psi Omega—Leaky leg—"I've been here Dr. Barnett, I put in a silicate and two amalgams last month"—"I'm glad I'm from Tuscaloosa so I could get on the starting check list"—"The Air Force doesn't want me"—Air Force bound—"Just wait until I get mud guards and a coon tail for my new Victoria"—married, one little diastema.

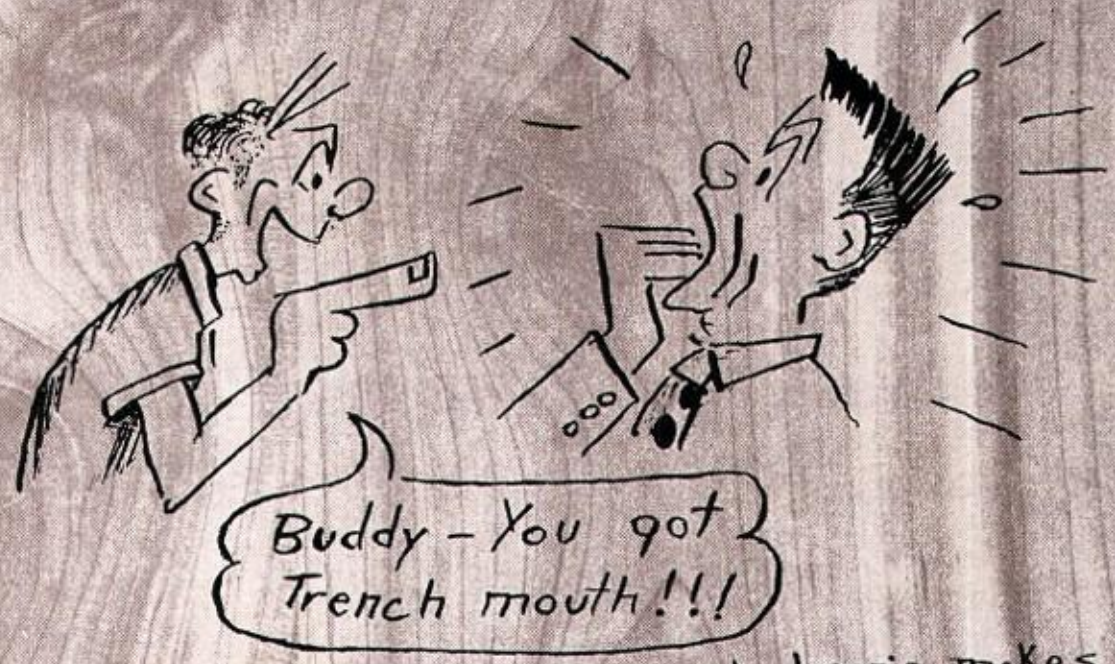
SPECIAL CLINICS

ORAL DIAGNOSIS

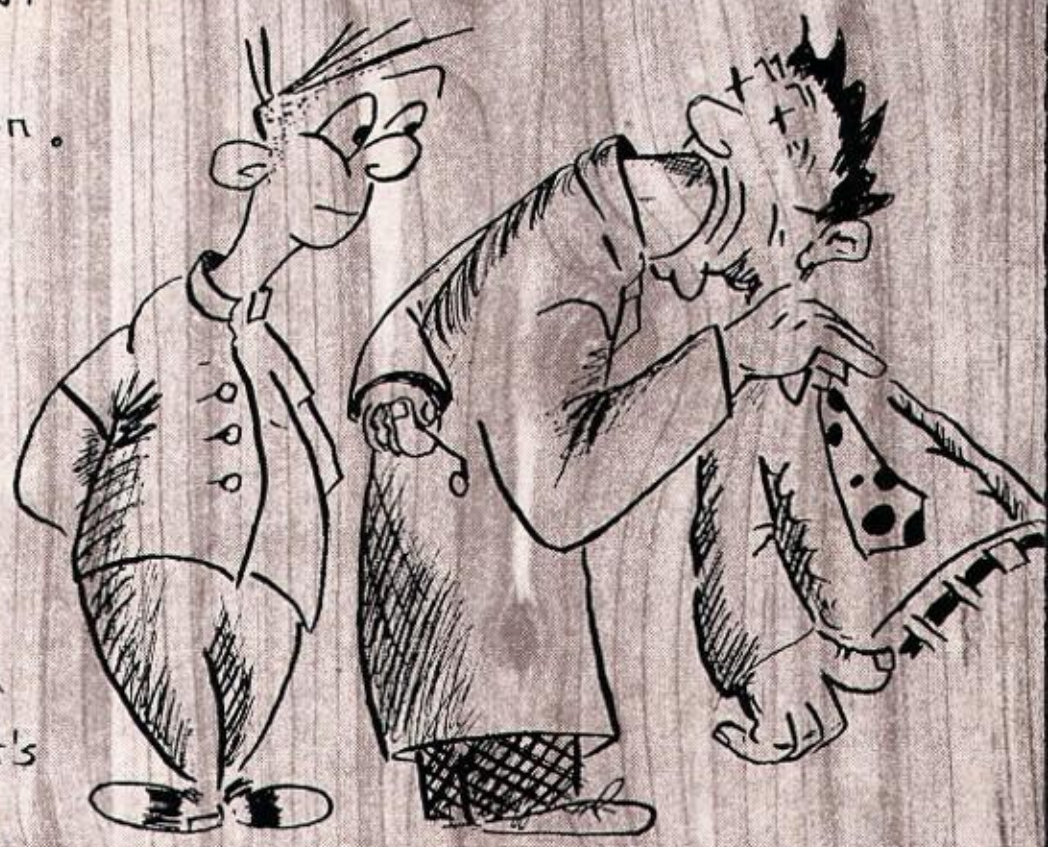
① Patient enters diagnostic clinic— Chief complaint: "Doc, my teeth feel like wooden pegs!"

② Student Griqsby Advises patient that he has Vincent's Disease.



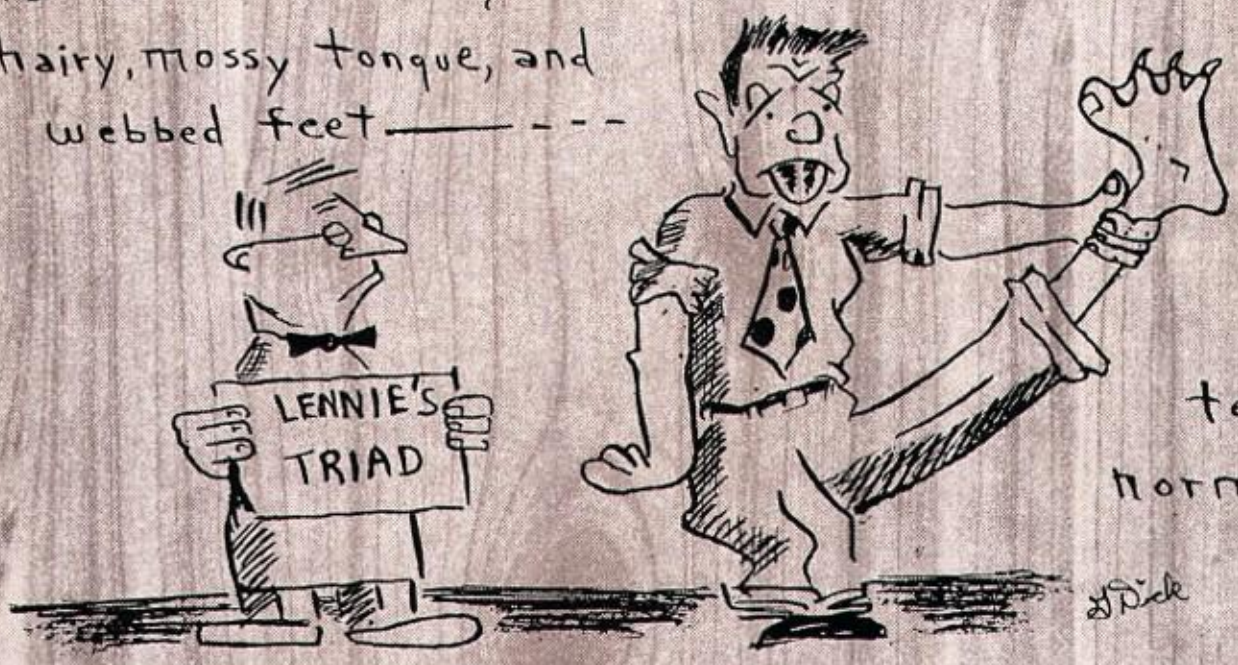
③ Griqsby is reprimanded for making diagnosis without complete oral examination.

④ Dr. Emanuel Lennie makes complete oral examination.



⑤ After oral examination and full mouth x-ray — it is found that the patient's teeth ARE actually wooden pegs!

This condition is Known as Lennie's Triad and is characterized by wooden peg teeth, black hairy, mossy tonque, and webbed feet ——---



⑥ It was discovered that termites had begun to undermine the wooden teeth — After three weeks of creosote treatment the patient's teeth returned to their normal status— ----

STUDENT GOVERNMENT ASSOCIATION: Seated, Left to Right: Jerry Sessions, Leon Pappanastos, Tom Calhoun, Ford Turner, Frank Patton, James Curl . . . Standing, Left to Right: Sam Peeples, Bill Williams, Martha Nash, Van Greene, Marianna Cato, Thomas Russell, Donald Englebert.

YEARLY REPORT

Following its election in October, the 1954-55 Student Council began an extensive campaign to strengthen its position in student affairs and improve student-faculty relations. The first step in this campaign was, of necessity, the complete reorganization of Student Council records. Our next project was the revision of the Constitution of the Student Government Association. The revised constitution was accepted by an almost unanimous vote of the student body. An official Student Council bulletin board was provided to bring the activities of the Student Council before the faculty and students. In an effort to further improvement of student-faculty relations a group of accumulated suggestions were exchanged between faculty and students. Also along this line, the previously established custom of a faculty evaluation survey was conducted by the Junior and Senior classes.

The annual Student Council Dance was held just before Christmas at the Pickwick Club with Jerald Scott's Orchestra providing the music. Delightful entertainment was provided by school talent.

The Intramural Sports Program, basketball, softball, and bowling, was expanded to include tennis. The student memberships are to be changed to the downtown YMCA next year to provide a wider range of facilities for student use. Also, memberships at the YWCA are to be furnished for the Hygienists.

Under the revised constitution the Hygienists were recognized as bonafide members of the Student Government Association and, as such, their activity fee was raised to that of the other SGA members.

By popular request a new clinic jacket was suggested by the Student Council and accepted by the administration.

A standard school ring was adopted by the Council and a contract for four years was signed.

By written vote of approval from the Junior and Senior classes, a program was initiated for the purpose of holding the individual responsible for his own cleaning in the lab. A list of rules for the cleaning of the lab was adopted by the Council and posted on the Bulletin Board.

Efforts have been made to secure activity cards from the University of Alabama for the SGA members.

Field Day was held this year at Green Springs Park where a better soft ball field and, in addition, tennis and golf facilities were available.

The second annual Clinic Day was highlighted again by a lecture and a banquet address by Dr. Harry Sicher, world known authority on head and neck anatomy.

SENIOR HYGIENISTS

ALABAMA DENTAL HYGIENE ASSOCIATION OFFICERS

LEFT TO RIGHT: JEAN CAGLE, President; BEVERLY SHAPIRO, Vice-President; SUZANNE JOHNSTON, Treasurer; MIMI WALLER, Secretary.

SENIOR HISTORY

Looking back over the past two years of our lives we find, much to our amazement, that we have completed two years of Dental Hygiene School. Was this a dream, daze, coma, or a nightmare? We have been "strongly urged" to attend all class functions from ushering on Sundays to donating our blood for lab experiments.

During our first year we eagerly awaited patients. Our second year also found us eagerly awaiting patients, but none could be found. However, this clinic time was not entirely wasted; we became very efficient in folding towels, testing pulps, taking x-rays, and catching up on the latest gossip in the "soup store".

During the second year our curriculum was to be less concentrated with more practical work. Why didn't someone inform Dr. Robinson of this plan?

Throughout both years, the "Cat" room on 3rd floor was the center of all relaxation, discussion and serious thinking. Kay relaxes — Vern discusses — Sandra thinks seriously about Jim. About this time in comes Betty "the walk" followed by Jo "the stagger". Things wouldn't be complete without Lillian Wilson's account of recent injuries — basketball no less.

As the last year came to an end we found ourselves establishing definite goals, some of which may never be attained. These goals are a job, a car, and a man. However, one member of our class has different views on this subject, huh Barb?

Some familiar sounds around campus — Waller's imitations of students and faculty, as characterized by their laughs . . . "Mr. Smith's cut again — you can go back to sleep Frank" — "The slop shop's all out of jello and buttermilk, can I get you anything else Marion?" . . . "But Miss Sinnett it's 3:30, I've already had two patients, MAYBE Faye will take her" . . . "Better accept that job in Atlanta, Marianna, I've heard there are plenty of opportunities there" . . . It has been rumored that Lou's first $500 goes for a down payment on a car. "Ya'll wait for me." We wonder if Jackie will say that at her wedding. "But, Dr. Volker why do you always pick on me." "Why not Miss Cagle? You've had five minutes to look at your notes?"

Social activities for the year included a picnic at Avondale Park which was sponsored by our own A. D. H. A. Another important event for all of us was capping ceremony at which time we received the long awaited caps. Following this ceremony a surprise party was given by our director, Miss Sinnett, and Dr. Charlotte Schneyer.

Finding ourselves graduated and facing state boards, we should take time out to thank those to whom we will be eternally indebted — Dr. Charlotte Schneyer for her pop quizes and subtle humor . . . To Eedee for our pleasant excursions to Atlanta — and to Jan for our Sunday night snacks; home-cooking no-less . . . Leonette, for handling the kids . . . Miss Sinnett, Julia, and Cris for corrective criticism in clinic.

All kidding aside, we have had many memorable experiences, lasting impressions, and unforgetable friends. We shall remember these things wherever we go and whatever we do. Our only regret is that these two years have passed too soon.

HYGIENIST CAPPING CEREMONY

SEATED, Left to Right: Eedeelove Henderson, Louise Caso, Evelyn Hagen, Marta Garcia, Jean Cagle, Lillian Wilson, Leonette Mayes, Marion Meide . . . STANDING, Left to Right: Mrs. Frank Hays, Sandra Nelson, Faye Hayes, Janice Bowman, Helen Willis, Katherine Devery, Jo Ann Murphree, Betty Farrow, Marianna Cato, Mimi Waller, Jacquelyn Lumpkin, Barbara Hall.

SENIOR

CAROLE JANICE BOWMAN

The past academic school year has been a most progressive one for the Phi Phi Chapter of Delta Sigma Delta. As a result of the consolidated efforts of the undergraduate and graduate chapters we have a well-organized and outstanding representation here.

Delta Sigma Delta feels that it can do much toward upholding the high standards of our school by encouraging a spirit of academic aggressiveness in its members, thereby justifying its existence on the campus.

During the year we have been very successful in our pledging and initiation programs. With new members added to our ranks we feel assured of a fruitful beginning for the next school year.

In spite of the rigorous scholastic demands we have enjoyed several fine social events, the most recent one being the annual river party—an occasion for which very member anxiously waits.

Phi Phi Chapter would like to express its appreciation to Dr. Hanlin Scott, Deputy Grand Master and Dr. H. P. Hitchcock, Assistant Deputy Grand Master and to other members of the Graduate Chapter who helped make this a prosperous year for Delta Sigma Delta.

Psi Omega is the largest national dental fraternity, and is represented on the Alabama compus by the Chi Tau chapter.

The Chi Tau chapter was chartered on the Alabama campus March 3, 1951 with sixteen charter members. This was the first dental fraternity to come to the Alabama campus. Since its inception, Psi Omega has maintained its position as a campus leader. Psi Omega still remains the largest dental fraternity on the campus and year after year has distinguished itself with member representation in leading campus organizations. In this academic year, of the five seniors elected to O.K.U. honor fraternity, three were Psi Omegas. Psi Omega was also honored to have one of its members elected to serve as president of the Student Government for the coming year.

Beta Gamma Chapter has enjoyed the most fruitful year since its establishment in 1951. The chapter acquired a new fraternity house which was occupied at the beginning of this school year. Only through the active efforts of its members was this made possible.

Several social events were held during the year including informal dances, a student-faculty cocktail party preceding the Student Council Christmas dance, and the annual banquet and dance in honor of the Alumni and graduating members of the chapter.

Academically, our activities have included several lectures and demonstrations on various phases of dentistry. Included among these were a presentation on different aspects of crown and bridge prothesis by Dr. William Powell and a lecture by Dr. Leonard Robinson to the Pre-dental students on the University of Alabama campus.

This year has certainly been rewarding and we are looking forward to even more successful years ahead.

Omicron Kappa Upsilon Fraternity
TO WHOM THESE PRESENTS MAY COME
GREETING:
Be it Known that by virtue of the Charter granted to the Omicron Kappa Upsilon Fraternity, under the laws of the State of Illinois, the authority to establish a Chapter of said Fraternity in The University of Alabama School of Dentistry located at Birmingham, Alabama has been granted to
L. Rush Bailey
Sidney B. Finn
Joseph P. Lazarsky
Joseph F. Volker
Irving J. Weber
Arthur H. Wuckernagel
the name of the Chapter shall be Phi Phi that it shall be organized and governed in strict accordance with the Constitution of said Fraternity, and that of the Chapter of the above named Dental School and to all with whom said Chapter may hereafter be associated is granted full enjoyment of all the privileges, rights, etc., enjoyed by the other Chapters of
Omicron Kappa Upsilon Fraternity
Given under our Hand and Seal of the Order this twenty eighth day of September 1954
OMICRON KAPPA UPSILON
1914
Enlow Morse
Secretary
James C Garland
President Elect
Charles W. Craig
President
Thomas R Abbott
Vice President

HISTORY AND SIGNIFICANCE OF OMICRON KAPPA UPSILON

Omicron Kappa Upsilon had its inception with the class of 1914 at Northwestern University Dental School. A committee from this group submitted a petition to the faculty of the School which stated they were "desirous of organizing and founding a national honorary fraternity similar to other honorary fraternities now existing in the leading universities . . . but which shall consist of dental students exclusively; admission and membership to which shall be based upon scholarship and character as manifested by election by the faculty," etc.

Dr. Green Vardiman Black, Dean of the Dental School at that time, received the suggestion very favorably and appointed Dr. H. A. Potts, Dr. Arthur D. Black and Dr. Charles R. E. Kock as a committee to counsel with the students. A form letter was prepared by the student committee and addressed to the Deans of fifty-one Dental Schools of the United States and Canada. In their replies, the Deans of the various schools displayed much interest in the proposal and, in most cases, were eager for more information regarding the proposed organization.

The following statement appearing in the Northwestern Dental Journal, March 1914, was prepared by Mr. John C. Burg, Northwestern University, Liberal Arts, Class '09, who was requested to select a name and design a key for the new Society.

"My duties and opportunities as Secretary to President Harris have been varied, interesting, and sometimes exciting, for I have been called upon to do many things. But the most original request was the one conveyed to me in a telephone conversation with Dr. Arthur D. Black when he asked me to "think up" Greek letters for the new honor society in the Dental School, and to design a key as a badge.

"I first secured from Dr. C. R. E. Koch a statement outlining the ideals of the dental profession as he understood them. It is the conservation of teeth and health.

"I had therefore three words upon which to build the name — conservation, teeth, and health. I then went to John A. Scott, Professor of Greek in Northwestern University, and asked him for the Greek terms expressing the three words, and he informed me as follows: SOTERIA—is the Greek for conservation; ODOUS—for teeth; and HYGEIA—for health.

"Using this information, I selected the initial letters of the last two Greek words, that is Omicron and Upsilon, chiefly because they were appropriate but also because they were euphonious and I have now to suggest that the name for the new Dental honor society be OMICRON KAPPA UPSILON, — Kappa (K) being the initial letter of the Greek word for 'and' (kai). Upsilon is the Greek letter which under certain conditions indicates the sound of the English letter 'h'.

"My reason for the design submitted is obvious, Honor societies in other department of education use the 'Key'. When Phi Beta Kappa was organized in 1776, the key was not only ornamental but useful, for in those days the wearer used it to wind up his watch. Few, if any, watches are made nowadays requiring a key, yet the idea of a key as the symbol of an honor society has persisted and is being used by scholarship organizations in medicine, law, and oratory, each one varying from the others only in shape. It seemed altogether proper to let it be also the basis for the symbol design of the Dental Scholarship organization."

Selecting Your Laboratory

With Dentists who know values, the primary consideration when it comes to Laboratory service is technical knowledge and skill. Reputation — "record of performance" is of utmost importance.

Reputations are built slowly, over a long period of years by fine quality and superior service.

When it comes to selecting your Laboratory, the deciding factors are quality, service, prestige — and other considerations less tangible than price, but much more important.

We have been in this business forty-three years; this accumulated store of knowledge and experience is at your command.

NEW

Midwest *Hi Speed* needle ball bearing handpiece and matched angular attachments

FOR SPEEDS FROM 12,000 TO 25,000 R.P.M. AND OVER!

INCREASE OPERATING EFFICIENCY WITH LESS TRAUMA TO THE PATIENT

HI-SPEED BALL BEARING HANDPIECE

All critical parts are made from Stainless Steel to eliminate the possibility of rusting from infiltration of saliva and water spray. The front ball bearings, sheath, inner sheath and spindle are all stainless. 2 speed pulley increases speed a full 33⅓%.

Accommodates both the conventional contra angle on the new Midwest Long Sheath Contra Angle. When using the Long Sheath Contra Angle it is not necessary to use the chuck tightening rod. Simply remove the handpiece sheath and snap on the contra angle.

HI-SPEED LONG SHEATH CONTRA ANGLE

Save time by eliminating chuck tightening. Slips on and off easily. The "Dog" drive reduces vibration and increases accuracy. Heavy Dura-Chrome bearing surfaces more than double contra angle life, improve operation accuracy and give greater patient comfort. In both adjustable and non adjustable types.

A Tip for Better Prophylaxis

PY-CO-TIP

The tip developed as the ideal for stimulation of interproximal spaces

Two years of research and extensive investigation went into the development of Py-co-tip. The high quality rubber is finely balanced for flexibility and stiffness to stimulate blood flow in the gingival areas. Py-co-tip is preferred by more dentists than any other brush-affixed stimulator

THESE FEATURES MAKE PY-CO-PAY WIDELY ACCEPTED

- *Straight, rigid design*
- *Small, compact head*
- *Bristles uniformly trimmed*
- *Proper tuft spacing*
- *Scientifically designed tip*

For effective cleansing, massage and stimulation, prescribe

Py-co-pay

Py-co-pay **TOOTHBRUSH** with **PY-CO-TIP**

Recommended by more dentists than any other toothbrush

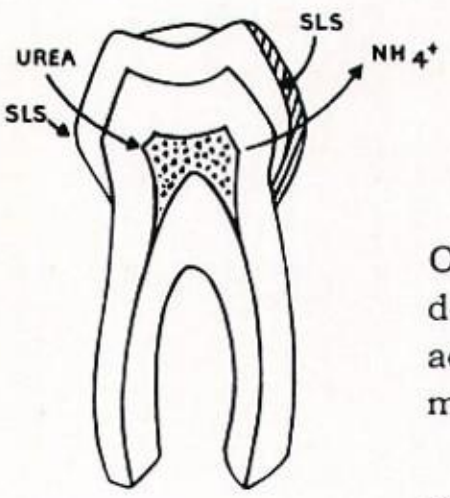
Pycopé, Inc., Jersey City 2, N. J.

Amm-i-dent® *with SLS**

gives longest lasting protection

"INSIDE-OUTSIDE" ACTION

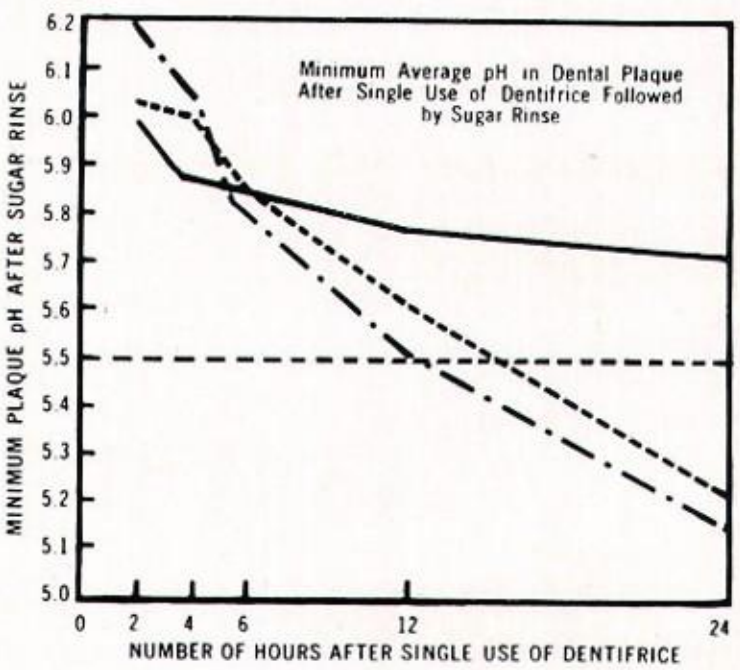
Lasts More Than 24 Hours



INSIDE . . . UREA penetrates to tooth pulp; *diffuses outward* as needed to hold tooth and plaque above decalcifying level of pH 5.5.

OUTSIDE . . . SLS adsorbs to enamel and plaque. A detergent with bacteriostatic, anti-enzyme and anti-acid properties, SLS effectively keeps pH above 5.5 for more than 12 hours.

Because High-Urea and Sodium N-Lauroyl Sarcosinate have synergistic action, New AMM-I-DENT with SLS provides longest lasting caries protection—pH above 5.5 for more than 24 hours.



(J. Dent. Children 21:194 [3rd Qt.] 1954.)

Good foaming;

excellent cleansing;

refreshing taste.

***Amm-i-dent*, INC. JERSEY CITY 2, N.J.**

*Trade Mark for Amm-i-dent brand of Sodium N-Lauroyl Sarcosinate

"IT PAYS TO DO IT RIGHT"

We can do your prosthetic cases right—because we use only:

1. Experienced, qualified technicians in each department.
2. The exact materials that you specify.
3. The correct technique for each individual case.
4. The best equipment available for the job.

Therefore your work is in good hands when sent to us for this is a modern up-to-date dental laboratory, employing only skilled technicians, dedicated to the service of the dental profession only.

Our personnel have a combined total of 204 years of experienced service. It will be a privilege and a pleasure to serve you.

You are cordially invited to visit and inspect our laboratory at anytime.

We offer a complete laboratory service including

Durallium cast partials.

Ready to Face the World

★ ★ COME WHAT MAY.

CONFIDENCE is the heritage of youth . . . . it is also a fundamental requirement of business . . . . attained by long study, training and experience • We have enjoyed the confidence of yearbook Staffs throughout the country for over thirty years . . . . an accomplishment for which we are truly grateful and justly proud . . . .
